Description	USD/PC	PHOTO—for reference only
<b><u>Mini Tandoor</u></b> <b>FTY Model: TPK-8660 basic function</b> <ul style="list-style-type: none"> <li>- <b>110-240V</b></li> <li>- <b>W/ power pilot light</b></li> <li>- <b>W/ temperature control from min to max</b></li> <li>- <b>W/ N.W:3.4kg .G.W.: 4.4KG</b></li> <li>- <b>W/ Product size : 40*36*22.2cm</b></li> <li>- <b>W/ Gift box size : 46*38.5*26.5cm</b></li> </ul>	<b>USD100/PC</b>	

#### How to Use

1. Turn tandoor on and let it heat for 5 mins
2. Put rolled chapati/nan on top of the heated tandoor
3. Wait until bubbles appear and then with the help of tongs, place it into the lower plate without changing sides, and close the door
4. Observe from glass door until the nan/chapati is golden brown and is puffed up and then take out.
